

Technology Card Guide

hidglobal.com

iCLASS & MIFARE/DESFire

Features 13.56 MHz read/write contactless smart card technology in various combinations with magnetic stripe and contact smart chip module.

HID & Indala Prox

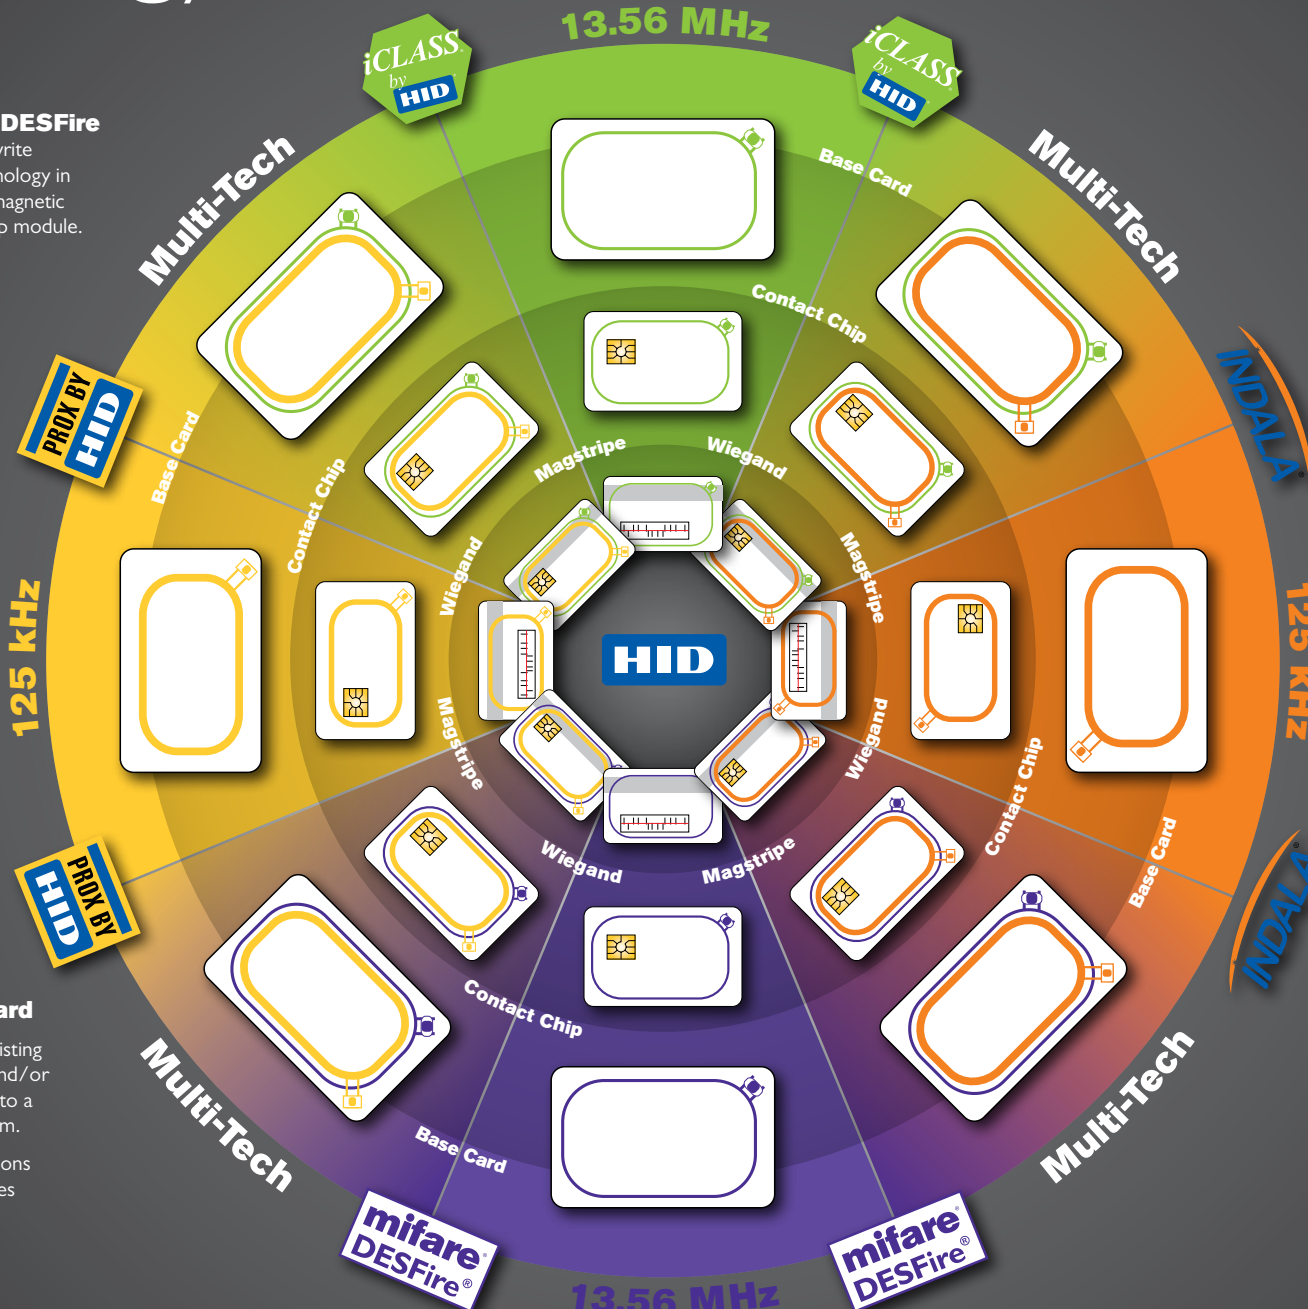

Works with existing HID and Indala proximity readers. Add new applications to your proximity card with a contact smart chip module.

Multi-Technology Card

Seamlessly upgrade from existing magnetic stripe, proximity and/or Wiegand readers and cards to a contactless smart card system.

Implement multiple applications requiring diverse technologies with a single credential.

Base Technology

- iCLASS** 13.56 MHz
- MIFARE/DESFire** 13.56 MHz
- HID Prox** 125 kHz
- Indala Prox** 125 kHz

Technology Options

- Contact Chip
- Magnetic Stripe
- Wiegand
